ABOUT ME

My interest in video games evolved into a passion for computer science and programming. I have worked with different programming languages, frameworks and applied my skills in practice whilst developing personal projects, participating in game jams and competitive programming Olympiads. My personal goal while coding is to write readable, maintainable and reusable code. Outside of computer science, I like listening to hip hop, playing basketball and maintaining a fit and healthy lifestyle.

EXPERIENCE

Front-End developer
Bankera

📅 Dec 2020 – Ongoing   📍 Remote

- Fintech related landing pages (Gatsby)
- Blog (Gatsby, Strapi)
- CI/CD (Deployment pipelines, Docker, GitLab)
- Mailer service (NodeJS)

Front-End developer
Bankera

📅 Sep 2020 – Dec 2020   📍 Remote

- Fintech related landing pages (CRA)
- Blog (MDX based)

PERSONAL PROJECTS

Bx2 Blog
A blog where I post about software, hardware, technologies and personal insights, ideas and experiments

📅 2021   ⭘ 🌀
🛠 TypeScript, Webpack, Sass, MDX, Jest

Programming Problems Testing System
A system/website which automates testing of programming challenges/problems (similar to codeforces or codewars)

📅 2019-2020   ⭘ ▶ 📄
🛠 ASP.NET Core, MySQL, C/C++, Bootstrap

LED Matrix Generator
Helps to create LED matrix graphics for arduino/engineering projects

📅 2018   ⭘
🛠 .NET, WPF, JSON

Orbur
Control a robot by creating Scratch-like sequences of commands and improve your logic and programming skills

📅 2018   ⭘
🛠 C#, Unity

EDUCATION

Bachelor of Computing - Software Engineering
Vilnius University

📅 2021 – Ongoing

Master of Engineering (MEng) - Computer Science
University of Warwick

📅 2020 – 2020

Brandos atestatas (Maturity certificate)
**Mažeikiai Gabija gymnasium**

📅 2016 – 2020

Grade (year 12): 9.83/10
100 in: Physics, Information technology, Mathematics, English

VALUES

Growth, Challenge, Openness, Genuineness, Purpose

SKILLS

C#   JavaScript/TypeScript   C++   HTML/CSS/Sass

.NET   NodeJS   React   Gatsby   MonoGame

Unity   Git   MySQL   npm   VS/VSCode   YouTrack

Task and time management   Fast Learner   Documentation   Leadership
